

Connecting Delta Cities

Connecting Delta Cities unites those Delta Cities who strive to make their cities climate proof. They join forces to quest for innovative climate strategies, sharing knowledge and best practices, sharing their climate experience and combining the knowledge of Rotterdam, London, Ho Chi Minh City and others.

ROTTERDAM CLIMATE INITIATIVE
Climate Proof

www.rotterdamclimateinitiative.nl

Connecting Delta Cities

- ▲ Act as a platform for information exchange of knowledge and best practices;
- ▲ Operate as a show case for other cities;
- ▲ Connect councils, politicians, municipal departments, knowledge institutes, NGO's and even the private sector;
- ▲ Act as a motivation for project funding through international dissemination of project results.

Connecting Delta Cities

Delta Cities Climate Proof

the article
Rotterdam and Hong Kong explore governance aspects on climate change and share knowledge on the subject.

the movie
Get a better insight in what Delta Cities are facing due to climate change.

the workshop
The workshop will provide a stage for the state of the art science and policies in the area of adaptation to climate change in several key global cities. Innovations and bottlenecks in adaptation policies will be addressed as well as areas with potential for extended knowledge exchange.

the book
An exploration of how several Delta Cities deal with climate adaptation in their cities and how they can learn from each other.
